

# Color is Thirsty

It took 3 gallons of water to dye each yard of fabric in this show. You do the math.

# Our colors Change This.

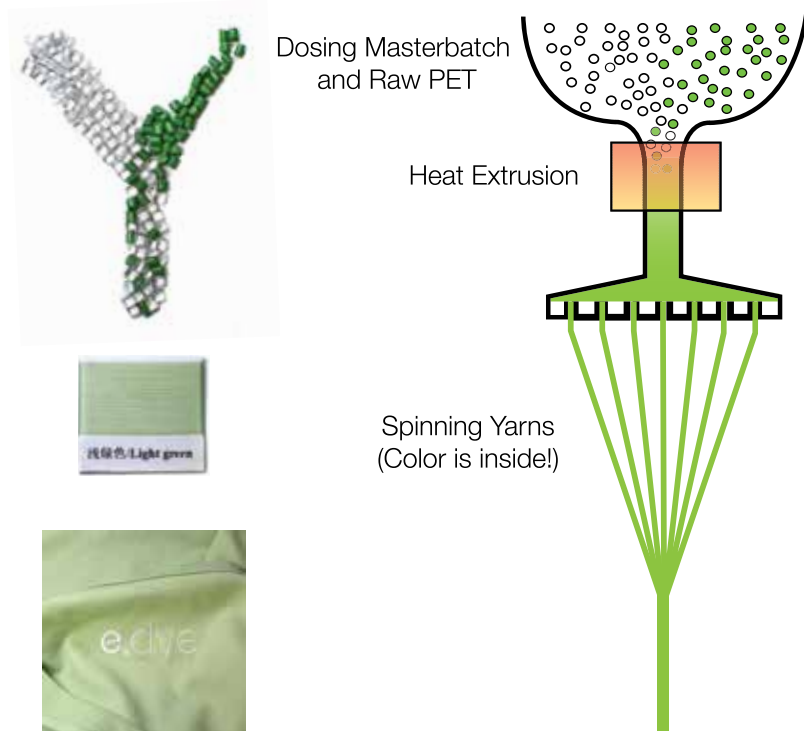

## What is e.dye?

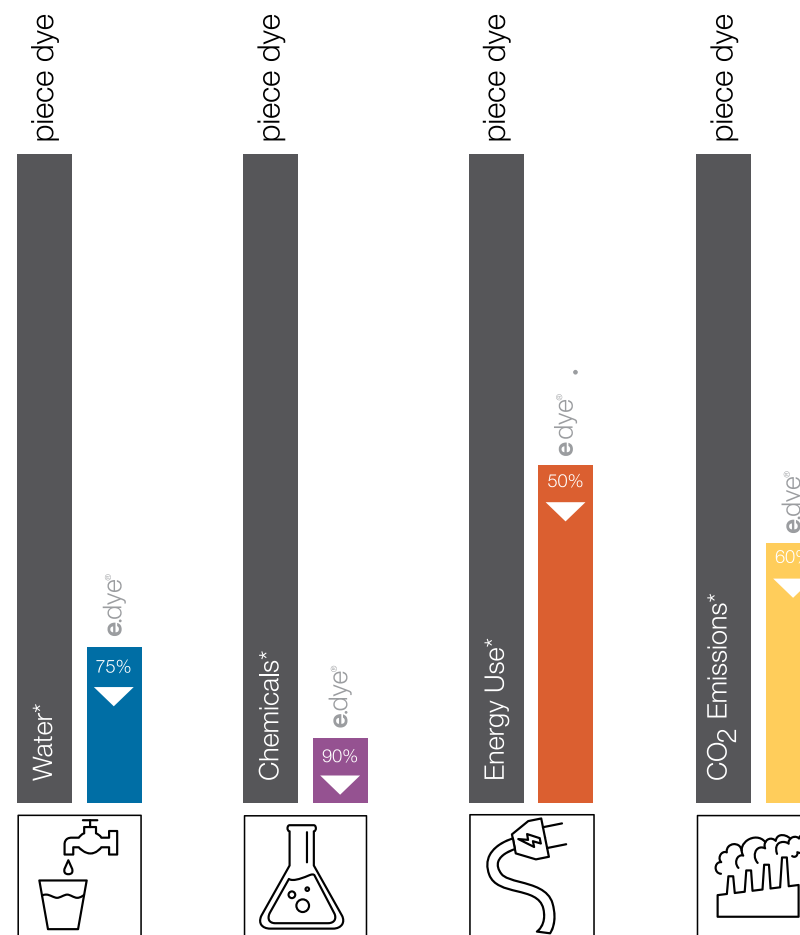

Raw Stock PET or rPET  
Lusters available: bright, semidull and full dull. Up to 95% recycled. GRS Certified.

Masterbatch Colors - in stock  
Made in house by e.dye according to recipe tied to 2,500 colors in yarn in the e.dye Color Bank

No Water. Better Color.

## Sustainability Matters

Change to e.dye® Waterless Color System to reduce water consumption, chemical use, energy consumption and CO<sub>2</sub> emissions.

## The e.dye Difference
